FOLD

cdlabelgen 4.1.0 © 2001−2008 Avinash Chopde <avinash@aczoom.com>

home page: http://www.aczoom.com/tools/cdinsert/

Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.

4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title “tab”, on the tray insert, is for CD case with a transparent tray. Remove this “tab” if the CD case has an opaque tray.
6. Fold the left and right long narrow title“tabs” to a 90 degree angle, away from the main tray cover portion. If the right-most “tab” is retained for a transparent tray, fold that “tab” 90 degrees again, away from the title “tab” next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.

10. Please appropriately discard this portion and the scrap bits of paper.

Short Nonfiction Collection Vol. 002

A collection of ten short nonfiction works in the public domain. The essays, speeches and reports included in this collection were independently selected by the readers, and the topics encompass history, politics, religion, science and humor.

Included in this collection are the "Oath of Hippocrates" and "The Funeral Oration of Pericles" along with Patrick Henry’s "The Call to Arms," and Jack London’s eyewitness account of the aftermath of the San Francisco earthquake in 1906.

On the lighter side, we have Jerome K. Jerome’s "Should Women Be Beautiful," a short address by Mark Twain to The Author’s Club in NYC, and the anonymous "Miseries," a lighthearted lament on subjects such as the difficulties of eating a peach gracefully in public and finding a suitable length of twine when you need one.

In this collection you will also find "A Free Man’s Worship" by Bertram Russell, "Obstacle−Cause" from "Sophisms of the Protectionists" by Frederic Bastiat, and an essay by T. H. Huxley on the science of palaeontology.
(summary by J. M. Smallheer)
